Signal Officer with a Passion for Technology, Full-time Student at
SIT (Robotics Systems Engineering)
Singapore, Singapore

Summary

I am a dedicated Signal Officer in the Singapore Army with over two years of experience in leadership and IT management roles. Previously serving as a Battalion Signal Officer, I specialise in coordinating communication systems and had the opportunity to directly assist in leading a group of over 100 personnel. Recognised for my commitment and excellence, I was awarded Company Best Recruit in 2022 and the Sword of Merit in 2023 with commendations for my leadership skills and proficiency.

In addition to my military experience, I am pursuing a Bachelor's degree in Robotics Systems Engineering at the Singapore Institute of Technology, driven by a passion for technology and innovation. My academic and professional journey is grounded in a strong foundation in electrical engineering, obtained from Ngee Ann Polytechnic. I am eager to leverage my technical skills and leadership experience to drive impactful projects in the fields of robotics and communication technology.

Signal Officer

June 2023 - Present (2 years 2 months)

Singapore, Singapore

Awarded Sword Of Merit for the 129/22 Signal Officer Cadet Course in 2023.

Battalion Signal Officer

June 2023 - August 2024 (1 year 3 months)

Singapore, Singapore

I held the appointment of Battalion Signal Officer, which entailed being a subject matter expert in Signals for my battalion, a team 600 strong. This role entailed learning to work with many people who had a wide array of skills.

which translated to understanding how to leverage their experiences and working as a cohesive unit.

I also had the pleasure of being a Platoon Commander in HQ Company. Composed of support elements for the unit, I was in charge of developing and assisting in training to help better support the unit's requirements. It also taught me how to build a cohesive team that could produce productive results.

Throughout the year I also held the position of Unit Corporate Information Technology Officer which included the management of all IT devices in my unit.
